Horse Enrollment Procedure: To be eligible to show at the Dubois County Show you must have your horse enrolled in 4-H online done by May 15<sup>th</sup> at 4PM. A minimum of 1 legible photo showing your horses markings are required. You must print off a copy of your horse enrollment form and attach a copy of your 2021 VX record form and turn them in to our county club. If you wish to have your animal state fair eligible **TWO** legible photos showing all your horse's markings must be attached to your horse enrollment online. Also the state fair eligible box must be checked prior to May 15<sup>th</sup>. **WE HIGHLY RECOMMEND** that horse enrollments be done two weeks prior to the deadline. Any missing paperwork requirements not filed by May 15<sup>th</sup> could mean a disqualification from showing at the county fair.

Items listed on the calendar reflect each of our classes shown at the county fair. Each year we plan one night per discipline to cover for instruction on showing at the county fair. You are expected to be at the meeting by start time so we can cover any information pertinent to that week's events and participate in the event on the calendar for your meetings to count. As participation warrants we can add disciplines to the evenings schedule or after the scheduled discipline is done we can open it up for another discipline. We will consciously provide a safe area to work for different ability level kids.

We expect our 2021 Miniature horse program to be large again this year. Sandi Bair intends to attend all Monday night meetings so our kids who have miniature horses will have lots of opportunities to acclimate themselves with the surroundings and miniatures.

These dates and times are subject to change. For the latest updates check our Facebook group and emails (prior to 5PM). Weather related changes will try to be relayed in a timely manner. There can be varied weather inside the county. Always use your best judgment for safety of your children and horses when making the decision to head to the fairgrounds.
